THE REPORT

Of the ECCLESIASTICAL COMMISSIONERS for *Ireland*, for the Year ending the 1st day of August 1850.

TO HIS EXCELLENCY GEORGE WILLIAM FREDERICK,
EARL OF CLARENDON,
LORD LIEUTENANT-GENERAL AND GENERAL GOVERNOR OF IRELAND,
&c &c. &c

WE, the Ecclesiastical Commissioners for Ireland, whose hands and corporate seal are hereunto annexed, beg leave to report to your Excellency the proceedings of the Commissioners for the year ending the 1st of August instant, pursuant to the provisions of the Act 3 & 4 Will. 4, c. 37.

By the demise of the Right Rev. Lord Robert Tottenham, in April last, the temporalities of the See of Clogher have become vested in the Commissioners, subject to the payment of 6,945 *l* 3 *s* 11½ *d*, on account of the building and improvement charges on the See House and offices.

The necessary steps have been taken to ascertain the amount of dilapidations incurred on the premises during the Incumbency of the late Bishop, and the Demesne and Mensal Lands have been valued and advertised for letting.

The sum appropriated to Church Works within the year, including rescinded grants of former years, has amounted to 16,321 *l* 5 *s* 5 *d*.

Of this sum 2,030 *l* 16 *s* 5 *d* has been applied to complete the rebuilding of St Nicholas and Ballymodan Churches, in the Diocese of Cork: the former capable of accommodating 1,000, and the latter 1,200 persons; Ramoan Church, in the Diocese of Connor, for the accommodation of 350 persons; and Croagh Church, in the Diocese of Limerick, for the accommodation of 160.

The several Churches of Ballywalter, in the Diocese of Down; Duntrileague, in the Diocese of Emly; Lambeg, in the Diocese of Connor; and Ballisx, in the Diocese of Kilmore, capable of accommodating about 750 persons, have been erected by means of private subscriptions, with a small aid of 603 *l* contributed by the Commissioners, as the subscriptions were insufficient to complete these Churches.

Towards the erection of Achill Church, in the Diocese of Tuam, which is in progress of building, by means of private subscriptions, for the accommodation of 260 persons, aid has been promised by the Commissioners to the extent of 200 *l*; and the balance of the sum appropriated for Church Works, amounting to 13,687 *l*. 5 *s*. 8 *d*. has been set apart for the repairs and outside painting of Churches.

A sum of 586*l* 5*s* 8*d* was set apart, within the preceding year, for the repairs of St. John's Church, in the city of Limerick; but as it appeared it could not be advantageously repaired, owing to the dilapidated state of the building, the Commissioners considered it more advisable that some arrangement should be made to provide for the rebuilding of this Church, on an enlarged scale, in so populous and poor a district; and as the parishioners expressed their willingness to contribute the sum of 372*l* 11*s* for that purpose, the Commissioners have been induced to apply the money set apart for repairs in aid of the rebuilding of a Church for this parish, capable of accommodating 1,000 persons.

Five of the Churches which were in progress of rebuilding last year have been completed, and opened for the celebration of Divine Service; namely, Ballymodan, St. Nicholas, and Ballymoney, in the Diocese of Cork; Ramoan, in the Diocese of Connor; and Croagh, in the Diocese of Limerick; affording on the whole Church accommodation for 3,026 persons.

With respect to the amount of private subscriptions received for the erection and improvement of Parochial Churches, the Commissioners have further to report the liberality of parishioners in this respect. For the erection of a Church at Culdaff in the parish of All Saints, Diocese of Derry, the sum of 517*l* has been subscribed and lodged with the Commissioners, for the improvement of Donagh and Five-Mile-Town Churches, in Clogher Diocese, the sum of 137*l* has been subscribed in the case of the former and 17*l* 10*s* in that of the latter, for the improvement of Cumber Church, in Down Diocese the sum of 28*l* 15*s* has been subscribed, for that of Killaliathan, in Limerick Diocese, 12*l*; and for that of Rosenallis, in Kildare Diocese the sum of 150*l*, the Commissioners contributing a small aid to the extent of 190*l* 10*s* for completing the improvement of the aforesaid Churches.

A Church for the parish of Gulcagh, in the Diocese of Lismore, is now in progress of erection, at the sole expense of the Marchioness of Waterford, at the cost of about 1,200*l*, the Commissioners only affording the assistance of their Architect in the superintendence of the works. Grange Gorman Church, in the Diocese of Dublin, has been enlarged, under the direction of the Board's Architect, at an expense of 357*l* 10*s*, by means of private subscriptions, the Commissioners undertaking to remburse the parties to the extent of 100*l*, whenever they shall have funds available for the enlargement of Churches.

The Trustee Chapels of Newbliss, in the Parish of Killeevan, and Diocese of Clogher, and of Cushindon, in the parish of Culfeightrin and Diocese of Connor, have been erected solely by means of private funds, but at what expense is not known to the Commissioners, who have taken these Chapels under their charge at the request of the parties it having been ascertained, by inspection of the Architect that the works had been executed in a permanent and substantial manner, and that no Repair Fund was required to be provided by the Acts under which these Chapels were erected. In the case of Trinity Chapel, Belfast, and Muckamore Chapel, in the Diocese of Connor, the funds provided for the repairs of these Chapels, under the 3 & 4 Vict. c. 1, have been invested in Government Securities, as required by the statute, and transferred by the Trustees to the Commissioners, and amount, in the former case, to the sum of 139*l* 10*s* 1*d*, and in the latter, to that of 27*l* 14*s* 1*d* the annual interest of which monies alone is applicable to the repairs of these Chapels which have also been taken under charge by the Commissioners.

In noticing the aid afforded by private subscriptions, we have to add that, in many cases, the Commissioners have been unable to avail themselves of similar assistance, as the state of their funds did not admit of the necessary contributions, on

Printed image digitised by the University of Southampton Library Digitisation Unit

on their part, for the completion of the works proposed, and although a considerable accession to the funds of the Board has taken place, by the death of the late Bishop of Clogher, it will not compensate for the diminution of income consequent on the deductions for Poor's Rate, the decrease in the amount of the annual tax on Ecclesiastical Benefices, and the existing claims of the representatives of the late Bishop for buildings and improvements on the See House. Other causes have also tended materially to diminish the present resources of the Board, such as losses by insolvent tenants the abatement of rents, and the non-payment, in several cases, of the customary annual fines on the renewal of leases, which have not been applied for as heretofore.

It is with great regret that we feel called on to state, for your Excellency's information, that the revenues of the Commissioners are quite inadequate to meet the demands upon them, and in order the more accurately to inform themselves on this subject, the Commissioners directed an inquiry to be made, and an abstract prepared of the nature and extent of the applications received for the rebuilding, enlargement and internal painting of Churches, and the enclosure of Church-yards, the result of which has been that the estimated cost of these and other necessary Church works, amounts to the sum of 260,000 *l*; and it is to be observed, that even this sum does not represent the entire wants of the Churches, for the Commissioners are assured by the episcopal members of the Board, that many applications are withheld by the Clergy from their knowledge of the total insufficiency of the funds at their disposal.

By the half-yearly return of promotions, it appears that 109 Benefices have become vacant within this year, consisting of eight Dignities, 13 Prebends and 88 Parochial Benefices. Of these 65 are not liable to tax, and of the remainder, several will be exempted, under the Act of the 11 & 12 Vict. c. 80, by the allowances on account of Poor's Rate and County Cess.

Due notice has been given to your Excellency and the Privy Council of the several Dignities and Prebends that have become vacant within the year. In respect to the Deaneries of the Cathedral Churches of Clonfert and Tuam, the Commissioners recommended that the appointment of Clerks to these Dignities should be suspended, as it did not appear that there was Cure of Souls in any parish appropriated to either of them; the revenues in both cases have been disappropriated by order of your Excellency and the Council, but without suspending the appointment to these Dignities.

The Rectorial Rent-charges belonging to the Deanery of Clonfert have been united, and annexed to the respective Vicarages, and the residue of the emoluments of this Deanery, as well as those of the Deanery of Tuam, have been transferred to the Commissioners. Provision has also been made for regulating, by alternate turns, the right of presentation to the augmented Vicarage and parish of Clonfert between the Crown and the Bishop, the income of the Vicarage being equal in amount to the portions of Rectorial Rent-charges annexed to said Vicarage.

The Archdeaconry of Killala, without Cure of Souls, having again become vacant, the Commissioners, for the reasons stated on the former occasion, abstained from making any recommendation in relation thereto, but submitted the case to your Excellency and the Council, to be dealt with as might seem fitting.

In the case of Carncastle Prebend, belonging to the Cathedral Church of St. Saviour's, Connor, the corps of which consisted of the four united parishes of Carncastle, Kilwaughter, Ballycastle and Derrykeighan your Excellency and the Privy Council have made an order for disappropriating therefrom the parishes

Printed image digitised by the University of Southampton Library Digitisation Unit

of Carncastle and Kilwaughter, with the Rectorial Tithes and Glebes thereof, and erecting same into a separate and distinct Benefice, to be called the parish or Benefice of Kilwaughter, whereby the perpetual Curate of Carncastle becomes the Rector of said new Benefice, as also for disappropriating from said Prebend the parish of Ballycaston, with its Rectorial Tithes and Glebes, and erecting same into a separate and distinct Benefice, whereby the perpetual Curate of Ballycaston becomes the Rector of said new parish, thereby leaving the remaining parish of Derrykeighan, with its Rectorial Tithes and Glebes to constitute from thenceforward the new corps of Carncastle Prebend

The said Order in Council provides also for the distribution of the Charge of 389 *l.* 10 *s.* 9 *d.*, subsisting in said Prebend, by apportioning 111 *l.* 5 *s.* 11 *d.* of that sum on the newly erected Parish of Kilwaughter, and 83 *l.* 9 *s.* 5 *d.* on the newly-erected Parish of Ballycaston, leaving the residue of 194 *l.* 15 *s.* 5 *d.* to be borne and discharged by the next Incumbent of Carncastle Prebend, and, with respect to the residue of the Loan granted by the late Board of First Fruits, amounting to 620 *l.* 3 *s.* 10 *d.*, and repayable at present by annual instalments of 26 *l.* 12 *s.*, the said Order apportions 177 *l.* 3 *s.* 11 *d.* of said charge on Kilwaughter Benefice, repayable by annual instalments of 7 *l.* 12 *s.*, and the sum of 132 *l.* 18 *s.* on Ballycaston Benefice, repayable by annual instalments of 5 *l.* 14 *s.*, leaving the balance, amounting to 310 *l.* 1*s.* 11 *d.*, repayable by the future Incumbents of Carncastle Prebend, by annual instalments of 13 *l.* 6 *s.*, and the Commissioners have given directions that the valuation of these several Benefices be amended accordingly.

The appointment of a Clerk to the sinecure Rectory of Kilcolman, in the Diocese of Killaloe having been suspended by your Excellency and the Privy Council, on the recommendation of the Commissioners, and its emoluments transferred to the Commissioners, the order has been withdrawn, and the income of the Rectory united and annexed to that of the Vicarage.

The appointment of a Clerk to the sinecure Prebend of Monasterois, alias Castropetre, belonging to the Cathedral Church of St. Bridget's, Kildare, having also been suspended, on the recommendation of the Commissioners, by order of the Lord Lieutenant and Privy Council, and its emoluments transferred to the general fund of the Commissioners, the order of suspension in this case has been removed, and the Revenues of this Prebend, consisting of the Rectorial Tithes of the parish of Monasterois, withdrawn, and annexed to the Vicarage of the same name, and authority given for the appointment of a Clerk to said Prebend.

The appointment of a Clerk to the Precentorship of the Cathedral Church of St. Carthage, Lismore, having been suspended on the recommendation of the Commissioners, by order of your Excellency and Privy Council, and its emoluments, for the time being, transferred to the Board, the order of suspension in this case has also been removed, the Rectorial Tithes of Ardmore Parish have been united and annexed to the Vicarage of the same name in Lismore Diocese, and the residue of the emoluments of this dignity, amounting to 9 *l.* 13 *s.* 2 *d.*, transferred to the general fund of the Commissioners, and authority given for the appointment of a Clerk to the Precentorship.

The effect of the aforesaid orders has been to diminish the Funds of the Commissioners by the annual sum of 667 *l.* 3 *s.* 11 *d.*

The Lands and all Rectorial Tithes, and portions of Tithes, whether in lease or otherwise existing in the parishes of Maghera and Kilmore, and hitherto appertaining to the Bishopric of Down, have, by order of your Excellency and the Council, been disunited and divested, with the consent of the Incumbent Bishop, from said Bishopric, and united and annexed for ever to the respective Vicarages

Printed image digitised by the University of Southampton Library Digitisation Unit

Vicarages of Maghera and Kilmore in the Diocese of Down; and, in order to aid the Bishop in liquidating the charge subsisting on said Bishopric for buildings and improvements on the See Lands, the Order in Council provides that the Incumbent Bishop, or his successor, shall continue to receive and enjoy the disappropriated revenues above referred to, for two and a half years from the date of said order, and it further regulates the turns of patronage between the Crown and the Diocesan to the augmented Vicarages of Maghera and Kilmore.

The Commissioners have received the Order of your Excellency and the Privy Council for dissolving the perpetual Unions of Rathdowney and Burnchurch, in the Diocese of Ossory, and uniting and annexing Members of Rathdowney Union to the adjoining Parishes of Fertagh and Donoughmore, and Members of Burnchurch to the adjoining Parishes of Ennisnag, Thomastown, Innistiogue, Listerlin, Kilbeacon, Clonmore, Aghoure and Odogh. The building charge subsisting on the Union of Burnchurch, prior to the appointment of the present Incumbent, having been distributed by said order among the several Benefices, by charging on the newly constituted Benefice of Burnchurch, a sum equivalent to two years' income, and by apportioning the residue of the building charge on the augmented Benefices, relatively to the value of the several Parishes or Members united and annexed thereto, directions have been given by the Commissioners to have the valuations of these several Benefices amended accordingly.

Since the date of the last Report, the Commissioners have agreed, with the full consent of the Town Commissioners of Galway, to sell the advowson or right of presentation to the four Benefices into which the wardenship of Galway has been divided, to Thomas Frewen, Esq., for the sum of 2,000 *l.*, and they have every expectation that this treaty will be concluded in a short time; considerable expense has been incurred by the Commissioners in bringing these advowsons to sale, which is not properly chargeable on the funds entrusted to their management, but should be defrayed out of the purchase money, when received.

A Memorial has been received from the Mayor, Aldermen and Burgesses of the Borough of Waterford, stating that, for the last seven years they have made every exertion in their power to dispose of the several advowsons belonging to their corporation, both by public auction and private sale, but that the sums offered were so much under the value placed upon them that they could not be accepted, and praying that the Commissioners would give their consent to the sale of the advowson of the Union of Dunhill, Newcastle and Gulcagh, in the Diocese of Lismore, to the Marquis of Waterford, for the sum of 300 *l.*, which the town commissioners had agreed to accept; and, having ascertained that all due publicity had been given to the proposed sale, and that no offer had been, or was likely to be, received, more advantageous than that made by the Marquis of Waterford, the Commissioners have consented to the sale of this advowson on the terms above specified, and have executed the necessary deed of conveyance, pursuant to the Act of 3 & 4 Vict.

An annual sum of 270 *l.* has become available from Primate Boulter's Fund, for the augmentation of small Benefices, which the Commissioners have distributed among the following Benefices, 12 in number, so as to make the income of these Benefices amount to 100 *l.* a year of the late Irish currency, as they appeared from the statements of the Diocesans to be the cases most in need of augmentation in their respective Dioceses, namely, the Vicarage of Toomua, in Elphin Diocese; of Kilmaley, in Killaloe Diocese; Hook, in Ferns Diocese; and Bruff, in Limerick Diocese; also the perpetual Cures of Miltown, in Armagh Diocese; Redeross, in Dublin Diocese; Five-Mile Town, in Clogher Diocese; Bangor, in Down Diocese; Templebready, in Cork Diocese; Moyrass, in Tuam Diocese; the Chapel of Derry, in Derry Diocese; and Collinstown Chapelry, in Meath Diocese.

Printed image digitised by the University of Southampton Library Digitisation Unit

Not having received any eligible proposal for the See House, Offices and Demesne Lands of Killala, surrendered by the representatives of the late Walter James Burke, Esq., the Commissioners have deemed it advisable to accept an offer of 2,000 *l*., made by the Commissioners for Administering the Laws for the Relief of the Poor in Ireland, for the sale of the house, offices, and 12 a. 1 r. 16 p. of Land, thereto adjoining, for the purposes of a workhouse for Killala Union, leaving the residue of the demesne lands, containing about 373 acres, under the management of the Commissioners, until they can be beneficially disposed of.

It had been hoped that the prosecution to conviction by the Sessional Crown Solicitor, under the order of the Executive, of the persons who robbed or maliciously injured Churches, as alluded to in the last Report, would have the effect of diminishing the number of outrages of this nature; but we regret to state, that 53 additional cases have occurred within this year, causing an expenditure of 137 *l*. 3 *s*., to repair the damages occasioned by plunder of lead, and the destruction of books, branches and Church furniture.

In consideration of the continued depressed state of all kinds of agricultural produce, the Commissioners have been induced, after due inquiry into the representations of the tenants, to make temporary abatements of rent, varying from 15 to 25 per cent upon farms let at what had been considered the full value of the lands; and they have also found it necessary in some cases to allow to occupiers of land, heavily in arrear, a small pecuniary compensation for the quiet surrender of their farms, which they were totally unable to hold with benefit either to themselves or the Commissioners; and arrears of rent irrecoverable, amounting to 1,193 *l*. 1 *s*. 1 *d*., have been cancelled.

Few applications have been received within the year from immediate or subtenants for the purchase of Perpetuities. The sum realized by the sale of perpetuities has amounted to 449 *l*. 2 *s*. 10 *d*. only, and the sum received in liquidation of mortgages to 423 *l*. 9 *s*. 7 *d*., which monies, together with the balance of 1,894 *l*. 17 *s*. 1½ *d*., standing to the credit of the Perpetuity Purchase Fund, at foot of last Account, have been invested in Government Securities, as directed by the Act of Parliament.

Under the provisions of the Church Temporalities' Acts the sum of 32,896 *l*. 8 *s*. 9 *d*. has been paid for the Salaries of Parish Clerks and Sextons, and the supply of requisites for the celebration of Divine Service in the several Churches and Chapels; 3,910 *l*. 10 *s*. 1 *d*. to Vicars choral and Curates of suspended Benefices; 1,969 *l*. 3 *s*. 4 *d*. to the Curates of the City of Dublin, in lieu of the maintenance heretofore provided for them by Vestry or other assessments; 992 *l*. 2 *s*. 5 *d*., in augmentation of small Benefices, under the Act of 3d & 4th of Her Majesty; 788 *l*. — *s*. 10 *d*. to the Bishop of Kilmore, for his claims on the Commissioners; 141 *l*. 3 *s*. 11 *d*. to Diocesan Schoolmasters, and 264 *l*. 16 *s*. 11 *d*., under order of your Excellency and the Privy Council, to the representatives of the late Precentor of Fmly, which sum was charged on the disappropriated tithes of Kiltcely parish transferred to the Commissioners.

Exclusive of the sum of 992 *l*. 2 *s*. 5 *d*. paid in augmentation of small Benefices, under the Church Temporalities Acts, as before mentioned, a further sum of 4,031 *l*. 3 *s*. 6 *d*. has been paid from out of the Bequest fund of the late Primate Boulter, to augment the Salaries of small Livings, the incomes of which did not amount to 100 *l*. a year.

Payments, to the amount of 2,196 *l*. 10 *s*., have been made within the year, from the income arising from the Impropriate Tithes of Cahir, towards the rebuilding of Tramore Church, in the Parish of Drumcannon and Diocese of Waterford, leaving a balance to the credit of this fund, on the 1st instant, to the amount

Printed image digitised by the University of Southampton Library Digitisation Unit

amount of 1,977 *l* 4 *s* 10 $\frac{3}{4}$ *d* An Account of this Trust Fund, during the year preceding, to the 1st of January last, has been furnished to the Bishop of Cashel and Waterford, pursuant to the directions of the Court of Chancery

An Account of the Receipts and Disbursements of the Commissioners to the 1st instant, is annexed to this Report, showing the sources from whence the Receipts have arisen, and the specific purposes to which they have been applied, also, an Account of the Receipts and Disbursements from Primate Boulter's Fund, to the 1st instant

All which is submitted to your Excellency's consideration
